

# StopLok with Flexible Locking Hooks

## The flexibility to control live and locked merchandise.

InVue's StopLok with Flexible Locking Hooks provide superior protection for high value accessories versus traditional magnetic and mechanical hooks. The external body is engineered to provide more stability and

enhanced resistance against manual attacks. The StopLok allows retailers to select the number of "live" and "locked" merchandise items on the hook.

## FEATURES AND BENEFITS

- 1 OneKEY™ compatibility for fast access to merchandise to better serve the consumer.
- 2 IR locking system provides superior security versus traditional magnetic or mechanical locks.
- 3 OneKEY times out after 12 hours, making a lost or stolen key useless.
- 4 Engineered external body provides increased strength and enhanced resistance against manual attacks.
- 5 Allows retailers to select the number of “live” and “locked” merchandise items on the hook.
- 6 Locking Hook base is engineered to lock and unlock easily for quick plan-o-gram updates.
