

L430

# Worry-free security

Self-latching protection for locked-cabinet merchandise.

The L430 Smart Lock provides worry-free, self-latching protection for locked cabinet merchandise. The L430 is uniquely designed to operate without a battery or power source, allowing it to be seamlessly integrated into new or

existing furniture. Its inconspicuous appearance helps to streamline any design. L430 solves the problems of traditional mechanical locks, such as employees leaving keys in locks or breaking keys off in locks.

## FEATURES AND BENEFITS

- 1** Self-latching design lets you simply close a cabinet and know it is locked.
- 2** Can be fully embedded for seamless integration into new and existing furniture.
- 3** Unlike other electronic locks, there is no need for batteries or sourced power.
- 4** Fully protected latch provides pick resistance
  - › The OneKEY provides a unique store code and timeout feature for added security
  - › Part of the InVue OneKEY ecosystem™, the one key solution to storewide security

---

A storewide single key solution to increase profits.

**OneKEY**<sup>™</sup>  
ecosystem

The L430 is part of the exclusive InVue OneKEY ecosystem<sup>™</sup>, a storewide single key solution that improves customer service, increases sales and provides high theft protection.
