

# **Zips Headphone Recoiler Optimal customer experience & security for wireless headphones.**

Zips Headphone Recoiler is the only interactive merchandising solution on the market that provides both security and audio transmission through a recoiler for wireless headphones. Featuring an integrated audio cable inside the

recoiler, this cost-effective solution ensures that audio always passes through to headphones, creating a stimulating shopping experience. Retailers can now openly and securely display wireless headphones for optimal customer engagement and increased sales.

## FEATURES AND BENEFITS

- 1** Fully integrated audio cable for playback in the headphones, promoting an optimal customer experience.
- 2** Reliable security to openly and safely display wireless headphones.
- 3** Supports multiple audio barrel sizes: 2.5mm and 3.5mm.
- 4** Integration with Zips platform.

Zips Headphone Recoiler is part of the exclusive InVue OneKEY ecosystem™, a security and merchandising ecosystem designed to improve customer service, decrease theft, and increase profits.
