

# LIVE OnePOD

## Security as smart as your phone

### ADAPTABLE

Respond to changing store needs by switching from high security to high experience on the go.

### DIGITAL FIRST

In-app operations, alerts, and self-guided troubleshooting streamlines execution and minimizes downtime.

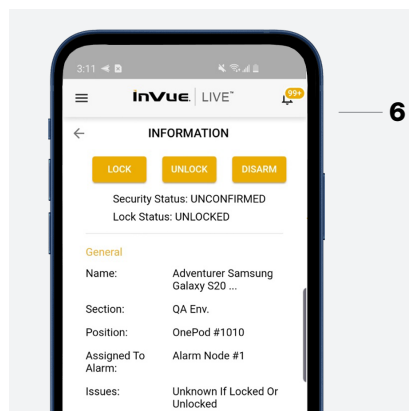

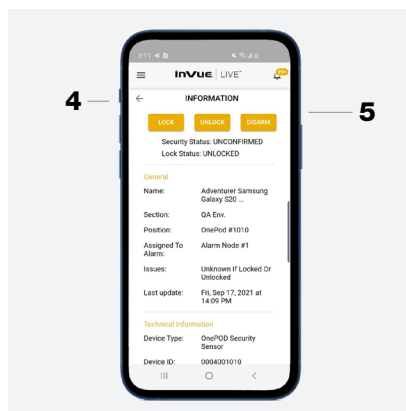

### INTELLIGENT SELF-DEFENSE

Hands free protection in an instant with intelligent self-defense technology.

# LIVE OnePOD empowers associates to operate displays, schedule security, and troubleshoot displays at your fingertips.

## FEATURES AND BENEFITS

- 1 Consistent look and feel across smartphone and tablet displays
- 2 Compatible with One55, One65 or One60 stands
- 3 Alarm Node provides security audio and light alarms
- 4 Arm, disarm, silence alarms and manage security settings
- 5 Diagnose, troubleshoot and service displays
- 6 Schedule when LIVE OnePOD displays are in High Security or High Experience mode

**LIVE OnePOD** together with InVue's **LIVE Display** software equips store and corporate leaders with real-time control and actionable insights across your enterprise.

### For Daily Operations:

- ✓ Intuitive mobile app to control each display
- ✓ Real-time alerts that prompt action
- ✓ Self-guided troubleshooting and diagnosis

### For Enterprise Strategy:

- ✓ Remerchandising execution
- ✓ Planogram compliance
- ✓ Monitor and report on customer engagement

## LIVE ONEPOD INTRODUCES INTELLIGENT SELF-DEFENSE & LOCKDOWN TECHNOLOGY

Optimize store resources and minimize risk using LIVE OnePOD lockdown technologies. Through intelligent self-defense or with InVue's Panic Button, instantly send displays into a high-security lockdown mode when security is threatened.

### SCENARIO 1: SECURITY IS THREATENED

Store associates detect a security risk

Use the Panic Button to send a signal to all LIVE OnePOD displays

All displays go into a high-security lockdown mode

### SCENARIO 2: SECURITY IS BREACHED

Security cable has been breached

Sensor sends signal to all LIVE OnePOD displays

All displays go into a high-security lockdown mode

Note: Available only with One65 Auto-Lock stand
