## High Strength One60 on Apple devices

### Under Counter Plate - Replacement instructions

**i** Optus Corporate requires you to replace existing Under Counter Plate with this stronger version and to replace Wing Nuts with Nylock Nuts to prevent the undoing of the stand by thieves.

**Needed**

7mm Deep Well Socket

**Supplied**

- 2x M4 washers
- 2x M4 Nylock nuts
- Under Counter Plate

**1** Loosen the wing nuts attached underneath the table.

**2** Remove the metal piece.

**3** Place the new metal piece and tighten the nylock nuts with the deep well socket.
