

MagStand for Handhelds

Phone security with seamless magnetic charging.

Combining sleek design with enhanced security, this Qi2 charging stand ensures your smartphone stays powered while providing a secure, interactive customer experience without the need for bulky security mechanisms.

EASY TO USE

Magnetic technology enhances both charging and placement, offering an intuitive experience for customers and associates alike.

ALARMING SECURITY

The integrated alarm system secures your device, delivering peace of mind with ease.

AUTHENTIC EXPERIENCE

A minimalist design combines form, function, security, and magnetic charging into one elegant solution.

SABEL

Features and Benefits

- 1 Qi2 Charger provides magnetic mounting and fast charging
- 2 Sensor well keeps phone perfectly aligned on stand
- 3 LED + Alarm security indicators
- 4 OneKEY™ access
- 5 Coiled cable with small sensor footprint for increased customer experience
- 6 Easy nightly removal

OneKEY

OneKEY is the most secure and convenient key system that enables associates to assist customers quickly and easily. Each interaction from OneKEY instantly transfers to LIVE Access, where you can assign access zones, deauthorise keys, and track who interacted with what and when. With real-time monitoring and management capabilities, OneKEY provides complete visibility into all key interactions.

- OneKEY simplicity means no key rings, lost keys, or magnetic defeats
- Unique PINs allow for user specific access and audit trails
- High security in a small footprint

Key Differentiators

- The low-profile sensor makes for easy and intuitive remounting, providing an authentic experience while using MagStand
- The sensor cable has a light pull, so the customer only feels the weight of the phone
- MagStand's Qi2 charger securely holds the phone in place, mimicking the wireless charging experience customers will have after purchasing the device
